JANUARY-DECEMBER 1973

WORLD CONSTRUCTION

BRIDGES

Hoisting bridge beams at sea ... March 36
Bridge builders span Iranian gorge May 32
Kingston Bridge replaces ferry service ... May 58
Hoist eases ups-and-downs on high road ... July 34
Demolition with linear explosives is cheaper, faster and safer .... Aug. 14
Tricky perch for a sidehill viaduct Sept. 41
New piers for Japan's bridges .. Sept. 62
New sewer outfall will span three bridges ... Oct. 53
Full-depth sawing speeds bridge deck removal ... Nov. 50

BUILDINGS

Sheeting and bracing systems for deep foundations ... Jan. 20
Two fabulous pre-fabs ... Jan. 28
That's 16,000 timber piles—count'em! ... Jan. 31
Composite flooring systems reviewed ... Feb. 14
Record-breaking roof-raising .... Feb. 38
Wood piles win soil-compaction job ... March 14
Contractors save client three months' rebuilding costs ... March 16
How to re-hang a suspended ceiling ... April 64
World Trade Center opens for business ... May 62
Prefab features built-in sunlight . May 63
You'll never recognize Les Halles Aug. 32
Concrete masonry softens noise . Aug. 35
The big dome lift ... Aug. 47
Huge hangars win award ... Sept. 32
Plastic shuttering simplifies ceiling construction ... Sept. 34
Air supported structures on rise Sept. 49
Multistory concrete cladding .... Sept. 56
Forming system eliminates shoring Oct. 30
How they're handling the housing shortage ... Nov. 30
European concrete slab system reaches North America ... Dec. 26
Floor framing design makes big difference ... Dec. 72

CONFERENCES & EXHIBITIONS

Two reports on the UK's Public Works Show ... Feb. 18
In Italy, SA.MO.TER means construction ... April 31
Special report on the BAUMA .. April 41
Madrid's Large Dams Congress . Sept. 21
International Welding Fair ... Dec. 17

CONSTRUCTION MANAGEMENT

Where muck shifting is a science . Jan. 15
Keep the paver moving! ... Jan. 30
Forecasting production in construction operations ... Feb. 10
Contractors save client three months' building costs ... March 16
When should you replace machinery? ... April 20
The case for pre-bid meetings ... April 23
Editorial ... April 41
How to set up a load-and-carry operation ... May 47
Postal honors for construction ... June 46
Editorial ... July 13
Minimum lifetime cost determines equipment replacement ... Sept. 27
Author challenges today's builders ... Sept. 44
A way to forecast cash flow ... Oct. 17

DAMS

Where muck shifting is a science . Jan. 15
There's something different about this cofferdam ... Aug. 27
Madrid's Large Dams Congress . Sept. 21

EQUIPMENT EVALUATION

Forecasting production in construction operations ... Feb. 10
Wood piles win soil-compaction job ... March 14
Current practices in cement stabilization ... March 30
When should you replace machinery? ... April 20
Replacement of worn parts is only half the job ... April 25
How to set up a load-and-carry operation ... May 47
Sawing concrete with diamond tools ... June 28
Side-shift, side-tilt mast helps forklift work on rough terrain June 36
Air pollution controls: Blessings in disguise? ... June 38
Hydraulic breakers excel in two assignments ... June 54
Choosing a truck crane ... July 16
Trench reinforcement practices can be mechanized ... July 36
How do you dig at −40°? ... Aug. 37
Seabed drilling machine needs no divers ... Aug. 41
When it comes to testing street lighting, seeing is believing .. Sept. 24
Minimum lifetime cost determines equipment replacement ... Sept. 27

HARBORS, PORTS & OTHER MARINE STRUCTURES

Underwater shafts installed without the use of cofferdams ... Jan. 34
Singapore's container complex ... Jan. 37
Photographing in turbid water .. Feb. 31
Brazil plans a bigger, deeper Tubarao ... May 41
Checking river erosion in Colombia . June 34
Use precast concrete boxes, not blocks, for beach protection .. Aug. 34
Seabed drilling machine needs no divers ... Aug. 41
The beginning of a superport ... Sept. 14
New piers for Japan's bridges .. Sept. 62
Caissons with rubber skirts ... Sept. 64
Jetty job requires hard hat divers Oct. 27
Hovercraft and helicopters aid drilling on tidal sands ... Nov. 21
Underwater hammer will speed offshore construction ... Nov. 37
Shoring up a sea-cliff village .... Nov. 40
Drill platform helps prepare way for Brazilian sewer outfall ... Dec. 40

HIGHWAYS

Keep the paver moving! ..... Jan. 30
One-meter lifts are standard on this job ..... Feb. 36
Good grades for automatic blade control ..... Feb. 40
Stripping bog for the autobahn .. Feb. 42
Highway researchers and what they're working on now .... March 21
Current practices in cement stabilization ..... March 30
Lean-mix concrete laid 12 m wide April 68
Diamond tools make quick road repairs ..... June 26
A faster way to make joints for slip-formed pavements ..... June 30
South Eastern Freeway: Why it's best in its class ..... Aug. 11
They had to move 2.500.000 m³ of chalk! ..... Aug. 29
When it comes to testing street lighting, seeing is believing .. Sept. 24
Controlling embankment settlements ..... Oct. 37
What's going on here? ..... Nov. 24
Strange doings on the Tarragona-Valencia road ..... Nov. 26
They chose to rip basalt rock .... Nov. 41
Full-depth sawing speeds bridge deck removal ..... Nov. 50

INDEX

Index of 1972 features ..... Jan. 35
Index of 1973 features ..... Dec. 57

MATERIALS FOR CONSTRUCTION

That's 16.000 timber piles—count 'em! ..... Jan. 31
Brazilian quarry equipment proves its worth in Argentina ..... Feb. 30
Wood piles win soil-compaction job ..... March 14
Highway researchers and what they're working on now .... March 21
Current practices in cement stabilization ..... March 30
Heavy-duty tunnel waterproofing April 70
Don't get stuck with costly mud handling ..... May 52
Tractor-shovel keeps busy in quarry work ..... June 52
Hydraulic breakers excel in two assignments ..... June 54
Ferrocement rediscovered ..... July 44
Repairing prestressed concrete .. Aug. 15
Use precast concrete boxes, not blocks, for beach protection .. Aug. 34
Concrete masonry softens noise . Aug. 35
Fixing cracks in concrete ..... Oct. 24
European concrete slab system reaches North America ..... Dec. 26

METHODS EVALUATION

Sheeting and bracing systems for deep foundations ..... Jan. 20
Keep the paver moving! ..... Jan. 30
Forecasting production in construction operations ..... Feb. 10
Wood piles win soil-compaction job ..... March 14
Highway researchers and what they're working on now .... March 21
Current practices in cement stabilization ..... March 30
How to set up a load-and-carry operation ..... May 47
Sawing concrete with diamond tools ..... June 28
Choosing a truck crane ..... July 16
Trench reinforcement practices can be mechanized ..... July 36
Demolition with linear explosives is cheaper, faster and safer .... Aug. 14
Dynamic consolidation ..... Sept. 54
The outlook for welding ..... Dec. 24

PIPELINES

Another way to put a pipe in a riverbed ..... May 50
Cutter-equipped bucket digs and finegrades in one pass ..... June 45
How would you handle this pipeline job? ..... July 33
Water control insures pipelaying on schedule ..... July 48
New sewer outfall will span three bridges ..... Oct. 53
Unique technique simplifies relining pipe ..... Dec. 52

TRANSPORTATION STRUCTURES

Runway reconstruction at Vienna Airport ..... May 35
Huge thin-shell hangars win award ..... Sept. 32
Hovercraft and helicopters aid drilling on tidal sands ..... Nov. 21
The world's safest airfield ..... Nov. 52

TUNNELS

Tunneling through the Austrian Alps ..... Jan. 10
Concrete conveyors reach into tube ..... Feb. 36
The new Austrian tunneling method ..... March 11
Heavy-duty tunnel waterproofing April 70
Crawler cranes assist piling rigs April 71
Tucking Brussels Metro underground ..... May 27
The Elbe Tunnel: A showcase of ideas ..... June 21
Slurry tunneler passes test ..... July 40
To penetrate rock, melt it ..... Sept. 30

WASTE TREATMENT STRUCTURES

Photographing in turbid water .. Feb. 31
Don't get stuck with costly mud handling ..... May 52
Air pollution controls: Blessings in disguise? ..... June 38
How would you handle this pipeline job? ..... July 33
New sewer outfall will span three bridges ..... Oct. 53
Drill platform helps prepare way for Brazilian sewer outfall ..... Dec. 40
Unique technique simplifies relining pipe ..... Dec. 52

WATER SUPPLY STRUCTURES

Where muck shifting is a science . Jan. 15
Photographing in turbid water .. Feb. 31
Another way to put a pipe in a riverbed ..... May 50
Checking river erosion in Colombia June 34
Cutter-equipped bucket digs and finegrades in one pass ..... June 45
Romanian irrigation system taps the Danube ..... Sept. 36
This canal has a circular cross section ..... Nov. 18
Award-winning pumped-storage project ..... Dec. 30
Drought-proofing West Africa ... Dec. 45
